The Fund’s past performance is not a good predictor of how the Fund will perform in the future. The graph and table do not reflect the deduction of taxes that a shareholder would pay on Fund distributions or redemption of Fund shares. Visit www.strivefunds.com/stxm for more recent performance information.

WHAT FACTORS INFLUENCED PERFORMANCE FOR THE PERIOD?

U.S. Mid Cap stocks rose strongly during the reporting period. Companies in the financials sector benefited from interest rates that remained high relative to recent years which boosted net interest income for regional banks, while insurance stocks also gained. The technology sector benefited from increased demand due to the rapid advancements in artificial intelligence (AI) technology, demand for specialized chips, and increased computing power. The energy and health care sectors detracted modestly during the period.

Availability of Additional Information

For additional information about the Fund, including its prospectus, financial information, holdings, and proxy information, visit <https://www.strivefunds.com/stxm>. You can also request information by calling (215) 330-4476.

Householding

Householding is an option available to certain investors of the Fund. Householding is a method of delivery, based on the preference of the individual investor, in which a single copy of certain shareholder documents can be delivered to investors who share the same address, even if their accounts are registered under different names. Householding for the Fund is available through certain broker-dealers. If you are interested in enrolling in householding and receiving a single copy of prospectuses and other shareholder documents or you are currently enrolled in householding and wish to change your householding status, please contact your broker-dealer.
